616	670	726	783
617	671	727	784
618	672	728	785
619	673	729	786

5.5 Excluded Channels by County

5.6 Assignment Statistics

Maximum field strength for co-channel operation is	5 Dbu
Maximum field strength for adjacent channel operation is	25 Dbu
Total number of channels assigned	357
Total number of unassigned channels	63
Total number of reserved channels	10

5.7 Expansion of Initial Allocation

In the event that the allocation for any county becomes depleted, the Region Review Committee shall meet to make further allocations to said county. Should this occur, the applying agency or entity shall submit the proper license and coordination applications with all applicable fees, as in any other licensing request. Allocations will be made based on the initial frequency allocation plan as mentioned above, taking into consideration the channels which were returned to the reserve pool.

5.8 Prioritization of Applicants

A very simple method of prioritization has been chosen for use in this Region. As there is no unmet spectrum requirement, there appears to be no great need for prioritization. In order to facilitate future problems which may arise, the following rating system shall be used.

Prioritization shall be done according to a final score, based on applicant criteria. The highest score, in points, shall be given priority in a situation where spectrum is insufficient to fulfill the needs of all.

Public Safety Agencies.....	2 Points
Public Services Agencies.....	1 Point
Multi-agency Systems.....	2 Points
Multi-agency/Multi Jurisdiction Systems...	3 Points
Single Agency/Jurisdiction Systems.....	1 Point

5.9 Appeal Process

At any time, any applicant may appeal an allocation, rejection, or any limits placed on a particular application for any reason. The appeal process has two levels; the Region Review Committee, and the FCC. An applicant who decides to appeal a rejection should initiate that appeal immediately upon notification of rejection. In the event that an appeal reaches the FCC, their decision will be final and binding upon all parties.

FROM: TODD DRAVLAND

DATE: MARCH 24, 1992

ON DECEMBER 18, 1987 THE FEDERAL COMMUNICATIONS COMMISSION RELEASED THE FINAL REPORT AND ORDER FOR DOCKET 87-112 DEALING WITH THE DEVELOPMENT AND IMPLEMENTATION OF A PUBLIC SAFETY NATIONAL PLAN AND AMENDMENT OF PART 90 TO ESTABLISH SERVICE RULES AND TECHNICAL STANDARDS FOR THE USE OF THE 821-824/866-869 MHZ. BANDS BY THE PUBLIC SAFETY SERVICES.

THE REPORT AND ORDER REQUIRES THAT REGIONAL PLANS BE DEVELOPED FOR THE 48 REGIONS LISTED IN THE REPORT AND ORDER. THE STATE OF SOUTH DAKOTA IS DESIGNATED AS REGION 38. THE REPORT AND ORDER REQUIRES APCO TO APPOINT A LOCAL REPRESENTATIVE TO ORGANIZE, PUBLICIZE AND CONVENE THE FIRST PLANNING MEETING. IN ORDER TO MEET THE REQUIREMENTS OF THE REPORT AND ORDER WE ARE NOTIFYING AND INVITING ALL PUBLIC SAFETY ENTITIES TO ATTEND THE MEETINGS AND SERVE ON THE PLANNING COMMITTEE. THE FIRST MEETING WILL BE HELD IN PIERRE JUNE 9, 1992 AT THE CAPITOL BUILDING ROOM 430, STARTING AT 9:00 A.M. ALL GOVERNMENTAL AGENCIES, FEDERAL, STATE, AND LOCAL ARE ENCOURAGED TO ATTEND. ALSO ANY INTERESTED PRIVATE SECTOR BUSINESSES ARE INVITED TO ATTEND.

DISCUSSION AT THE MEETING WILL INCLUDE THE FUTURE USAGE OF THE ALLOTTED 800 MHZ, THE DIRECTION COMMUNICATION IS HEADING IN SOUTH DAKOTA, AND ANY OTHER TOPICS RELATED TO 800 MHZ. THE LAST PART OF THE MEETING WILL BE THE FORMATION OF THE PLANNING COMMITTEE.

IF YOU NEED FURTHER INFORMATION OR HAVE ANY QUESTIONS REGARDING THE REGIONAL PLANNING COMMITTEE CALL TODD DRAVLAND OR JEFF PIERRE AT 773-3536.

**PUBLIC NOTICE ANNOUNCEMENT
INITIAL REGION 38 PUBLIC SAFETY
PLANNING MEETING**

On December 18, 1987 the Federal Communications Commission released the final report and order for docket 87-112 dealing with the development and implementation of a public safety national plan and amendment of part 90 to establish service rules and technical standards for the use of the 821-824/866-869 Mhz. bands by the public safety services.

The report and order requires that regional plans be developed for the 48 regions listed in the report and order. The State of South Dakota is designated as Region 38. The report and order requires APCO to appoint a local representative to organize, publicize and convene the first planning meeting. In order to meet the requirements of the report and order we are notifying and inviting all public safety entities to attend the meetings and serve on the planning committee. The first meeting will be held in Pierre June 9, 1992 at the Capitol Building room 430, starting at 9:00 A.M. All governmental agencies, Federal, State, and local are encouraged to attend. Also any interested private sector businesses are invited to attend.

Discussion at the meeting will include the future usage of the allotted 800 Mhz, the direction communication is heading in South Dakota, and any other topics related to 800 Mhz. The last part of the meeting will be the formation of the planning committee.

If you need further information or have any questions regarding the regional planning committee call Todd Dravland or Jeff Pierce at 773-3536.

APPENDIX A

**PUBLIC NOTICE ANNOUNCEMENT
INITIAL REGION 38 PUBLIC SAFETY
PLANNING MEETING**

On December 18, 1987 the Federal Communications Commission released the final report and order for docket 87-112 dealing with the development and implementation of a public safety national plan and amendment of part 22 to establish service rules and technical standards for the use of the 800-889 Mhz. bands by the public safety services.

The report and order requires that regional plans be developed for the 48 regions listed in the report and order. The State of South Dakota is designated as Region 38. The report and order requires APCO to appoint a local representative to organize, publicize and convene the first planning meeting in order to meet the requirements of the report and order we are notifying and inviting all public safety entities to attend the meetings and serve on the planning committee. The first meeting will be held in Pierre June 8, 1992 at the Capitol Building, room 439, starting at 9:00 a.m. All governmental agencies, Federal, State, and local are encouraged to attend. Also any interested private sector businesses are invited to attend.

Discussion at the meeting will include the future usage of the allotted 800 Mhz, the direction communication is heading in South Dakota, and any other topics related to 800 Mhz. The last part of the meeting will be the formation of the planning committee.

If you need further information or have any questions regarding the regional planning committee call Todd Dravland or Jeff Pierson at 724-4444.

Affidavit of Publication

STATE OF SOUTH DAKOTA

County of Pennington

ss.

I, Jerry J. Shoener

being first duly sworn, upon his oath says: That he is now and was at all times hereinafter mentioned, an employee of the *RAPID CITY JOURNAL COMPANY*, a corporation, of Rapid City, South Dakota, the owner and publisher of the *RAPID CITY JOURNAL*, a legal and daily newspaper printed and published in Rapid City, in said County of Pennington, and has full and personal knowledge of all the facts herein stated as follows: that said newspaper is and at all of the times herein mentioned has been a legal and daily newspaper with a bonafide paid circulation of at least Two Hundred copies daily, and has been printed and published in the English language, at and within an office maintained by the owner and publisher thereof, at Rapid City, in said Pennington County, and has been admitted to the United States mail under the second class mailing privilege for at least one year prior to the publication herein mentioned; that the advertisement, a printed copy of which, taken from said *RAPID CITY JOURNAL*, the paper in which the same was published, is attached to this sheet and made a part of this affidavit, was published in said newspaper once each day in Display Section for one successive day, the first publication thereof being on the 26th day of March, 1992, that the fees charged for the publication thereof are twenty nine Dollars and forty cents.

Mr. Gary Stevens
Iowa Department of Public Safety
Division of Communications
Wallace State Office Building
Des Moines, IA 50319-0046

Dear Mr. Stevens:

As Iowa Region 15 Chairman, you have the responsibility to review and approve adjacent region 800 Mhz plans.

I have enclosed a final draft of South Dakota Region 38 Plan. Please review this plan and provide me with a letter of concurrence and/or any comments as necessary.

I ask that you quickly, but thoroughly, review this plan and have a reply to me by December 23, 1992. This quick time frame is necessary to allow time for submission to FCC by the required deadline date. If I do not hear from you by that date, I assume that you approve the Region 38 plan as submitted to you.

If you have any questions, please feel free to contact me at (605) 773-3536.

Thank you.

Sincerely,

TODD R. DRAVLAND, Chairman
Region 38 Planning Committee

APPENDIX C

Environment Type: OKUMURA/HATA METHOD - The Okumura method uses four different classifications to describe the average terrain around a transmitter site or area. The classifications are:

- 1-URBAN: Which is built-up city-crowded with large buildings or closely interspersed with houses and thickly-grown trees. This would include the downtown area of a major city.
- 2-SUBURBAN: Which is a city of highway scattered with trees, houses and buildings. This would include the downtown area of a large city.
- 3-QUASI-OPEN: Is an area between suburban and open areas. This includes areas outside of city limits that have few buildings and houses.
- 4-OPEN: Is an area where there are no obstacles such as tall trees or buildings in the propagation path or a plot of land which is cleared of anything for 300 to 400 meters ahead. This would include farm land, open fields, etc.

The Okumura/Hata method is the method resident in the computer packing program to develop this plan. A minimum system shall be permitted without special consideration when it is limited to an HAAT of 100 feet and the transmitter is centrally located within the jurisdiction or jurisdictions participating in a system. Any agency with its transmitter centrally located will be allowed a minimum service area radius of eight (8) miles, regardless of the size of its jurisdiction, as long as interference protection for existing co-channel and adjacent channel systems is sufficient. Preparation of these requirements shall be the responsibility of the applicant.
